

Arabs Ready Move on Palestine

As Arabs apparently made ready for their big move against the Jews in Palestine, reports from Arab capitals indicated a three-pronged invasion: (1) From IRAQ, 800 troops with planes reportedly to enter Transjordan to enter Palestine; (2) from CAIRO, two battalions of infantry left for an "unknown destination," presumably Palestine; (3) King Abdullah of TRANSJORDAN, whose Arab law is already in Palestine, reportedly has begun to move his police guard across the border to take actual command of troops already there. Summitville Man Dies of Injuries

Ellsworth Cudney Hurt Monday Near Ellenville in Auto Crash

Ellsworth Cudney, about 76, of Summitville who was injured Monday afternoon when his car left the road and struck a tree on Route 52 about four miles west of Ellenville, died last evening at Veterans Memorial Hospital.

Mr. Cudney suffered chest injuries in the accident and Coroner Arthur Chipp of Kerhonkson said death was due to lacerations of the lungs with a heart condition being a contributory cause. It is believed Mr. Cudney suffered a heart attack which caused his car to go off the road to the left and strike the tree. He had been under the care of Dr. William Fennhoff of Woodridge.

After the accident Louis Heltzmann, passing the scene, saw the car off the road and investigated. He took Mr. Cudney to the hospital at Ellenville where Dr. Moses Aikin of Ellenville treated the injured man.

Mr. Cudney at the hospital the hospital authorities found \$3,000 in cash on the person of Mr. Cudney. The sum of \$2,600 was sewed in a canvas pack and was in \$20 bills.

Summitville is a son, Ivan, who is employed by an asphalt and gravel company at Summitville, and a daughter, Isabel Cudney of Summitville. The body was turned over to the Van Ingen Funeral Home at Woodridge.

Coroner Chipp and Trooper C. P. Bailey made an investigation. The fact that a large sum of money was found on Mr. Cudney prompted all possible theory of the case.

Supervisors to Meet To Settle on Bids

A meeting of the Board of Supervisors has been called for next Monday evening at 8 o'clock. At that time bids for plumbing work at the Ulster County Tumor Clinic building will be acted on.

Original bids which were received at the time the general contract was awarded were rejected because the low bidder sought to withdraw his bid because of a change in figuring the job. The McKenally bid was \$24,000. The next low bid was more than \$20,000. Following withdrawal of the McKenally bid the board rejected all plumbing bids and readjusted the contract. The plumbing business will be advertised at the meeting.

Gael Sullivan Resigns

Washington, April 28 (AP)—Gael Sullivan resigned today as executive director of the Democratic National Committee. He said he was becoming associated with the Democratic owners of America, Inc., and would receive about \$50,000 a year for his job. His resignation was accepted May 16. The 43-year-old Chicagoan joined the committee in 1947, after resigning as secretary of the postmaster general.

Newburgh Man Killed

Newburgh, N. J., April 28 (AP)—William McDougall, Jr., 33, of Route 25, Newburgh, N. Y., was found dead late Monday night in an automobile which had crashed into a tree on Route 25. The State Police reported that the driver's identification papers on McDougall's person.

His Vote Is 5,800 Over Dewey; Favorite Son Martin May Get Delegates

Philadelphia, April 28 (AP)—Industrial Pennsylvania, following recent Nebraska and Wisconsin trends, today gave White House hopeful Harold E. Stassen a slim but apparently conclusive margin in the state's Republican presidential popularity contest.

The former Minnesota governor piled up a surprising 5,800 write-in vote lead over New York Governor Thomas E. Dewey with 6,223 precincts of 8,262 reported in yesterday's preferential primary.

Stassen had 65,273; Dewey 59,515. Trailing far back in third place with 37,199 votes was U. S. Senator Edward Martin, the key-stone state's favorite son candidate. Martin topped initial tabulations.

Jay Cooke, Stassen's Pennsylvania campaign manager, declined formal comment until the vote was decisive but said "naturally we are pleased with the outcome."

"It was a spontaneous vote and was not stirred up by any active campaigning," Stassen won thumping majorities in the state's two industrial metropolitan centers, Philadelphia and Pittsburgh. He led Dewey by nearly 12,000 in these two cities.

Gen. Douglas MacArthur also showed surprising strength. He polled 12,904 votes to take fourth place in the contest. Ohio's U. S. Senator Robert A. Taft was fifth with 12,275. Michigan's Senator Arthur Vandenberg had 6,936. Gen. Dwight D. Eisenhower 3,952. Henry A. Wallace 1,124. Pennsylvania's Governor James H. Duff and Governor Earl Warren of California 567.

Will Go Unpledged The vote in the primary does not bind the state's 73 Republican delegates. They go to the national convention unpledged.

Four years ago Dewey captured the Keystone state popularity contest primary and went on to win the G.O.P. presidential nomination. Stassen, then, was last in a field of seven candidates. He received Continued on Page Nine

American Leaders Disturbed at Reports Of Arab Plans to Send Men Into Palestine

Washington, April 28 (AP)—Top American officials are gravely disturbed today over reports that Arab nations are prepared to send armies into Palestine.

The main fear is that while the United Nations is still trying to find some way to keep peace in the Holy Land, both the Jews and Arabs may take steps which will make outright war there inevitable.

In this respect, American authorities draw a sharp distinction between the current fighting in Palestine and the involvement of either Arab or Jewish forces from outside the Holy Land.

At the moment it seems certain the appearance of external forces would confront the United Nations with an act of aggression which would test the U. N.'s resources and strain its prestige to the utmost.

There appeared to be little doubt, therefore, that the Palestine situation figured prominently in a secret meeting Secretary of State Marshall held last night with three of his top advisers. Chairman Vandenberg (R., Mich.) of the Senate Foreign Relations Committee, U. N. Delegate John Foster Dulles, a former U. N.

Rail Strike To Be Called On May 11

Alvanley Johnson Says Lines Will Not Carry on Negotiations

Washington, April 28 (AP)—The National Mediation Board decided today to make a new attempt to head off the threatened railroad strike May 11.

Strike Date Set Chicago, April 28 (AP)—May 11 was set today for a nationwide railroad strike.

The date for the start of the walkout of 150,000 union members was made public in Cleveland while union spokesmen were preparing a formal announcement of the date in Chicago.

The strike will start at 6 a. m. on May 11, the Cleveland sources said. The strike would paralyze the country's transportation system by pulling locomotive engineers, firemen and engineers and switchmen off the jobs. Two years ago a strike cut off rail service for two days until President Truman intervened.

What legal steps might be undertaken to head off the crippling walkout remained a question. The wage dispute between the unions and the nation's class one railroads has passed through all steps of machinery set up under the National Railway Labor Act.

Railroad workers are excluded from coverage by the Taft-Hartley law. Hence the government cannot ask for an anti-strike injunction as it did recently against John L. Lewis' coal miners.

There was no immediate word from the White House whether Mr. Truman might step into the dispute as he did in May, 1946. However, there was no indication that the government would paralyze the country's railroad system, faded last night. Union and rail officials, who have been meeting for the last two weeks in efforts to settle their six months old wage dispute, broke up their meeting shortly before midnight.

Deadline Was Midnight Last midnight was the deadline set by the unions for settling the strike date. If an agreement had not been reached, the unions and carriers have exhausted all remedies in the Railway Labor Act for avoiding a walkout.

In Cleveland, David B. Robertson, president of the firemen, said that once the strike date is set there is no reason why negotiations should not continue. However, there was no indication that the government would paralyze the country's railroad system, faded last night. Union and rail officials, who have been meeting for the last two weeks in efforts to settle their six months old wage dispute, broke up their meeting shortly before midnight.

After a break-up of the negotiations, Alvanley Johnson, president of the locomotive engineers, said in Cleveland that "I don't believe the railroads showed any disposition to work things out. From what our negotiating committee says, the railroads wouldn't do anything to try to settle the dispute."

A spokesman for the carriers said that throughout the conference the unions had rejected all proposals made by the railroads with respect to the recommendations made by the Presidential Fact-Finding Board.

Abdullah Says Scouts Occupy Jericho; Jewish Settlement Is Shelled, 10 Killed; Haganah Captures Two Police Fortresses

Two Men Are Held After Discovery of Arms in Building

Louis Untermeyer's Son Is Involved; Meant Supply for Palestine

New York, April 28 (AP)—Two men who said they were members of the Zionist Youth Movement were jailed today after police uncovered a cache of ammunition and arms, including 200 rifles and revolvers, in a raid on an industrial building on Manhattan's West Side.

Police said one of the men identified himself as Joseph Untermeyer, 19, son of author-editor Louis Untermeyer. They listed his companion as Isiah Warsaw, 30-year-old watchmaker's apprentice. The two were booked on charges of violating the Sullivan anti-weapons law.

Raiding officers said some of the arms and ammunition were wrapped in packages addressed to individuals in Palestine. The store was found on the fifth floor of the building. Some of the rifles were hidden in a rusty sea bag.

The two men were seized in the loft of the raided building while packing food and clothing for shipment to the Holy Land.

Shortly after the arrests, a woman who authorities said identified herself as Mrs. Esther Antin Untermeyer, wife of Louis Untermeyer, went to the police station where the two men were held.

"I don't believe the boy has committed a crime," she said. "It is possible that he was influenced by my activities."

She said she is national treasurer of the American League for a Free Palestine.

"If he was influenced by my participation in the fight for liberation of the Hebrews in Palestine, and if this is a crime, which I don't believe it is, I would be happy to serve whatever penalty he might receive."

The raid was touched off by the discovery earlier of six rifles in a freight elevator of the building.

The building, police said, is occupied by the Sondovitch Brothers, importers and exporters of general merchandise. Officers quoted the captured pair as saying they were using the loft to pack food and clothing for Palestine.

Search of the building, which began yesterday, was continued today. Federal Bureau of Investigation agents were called into the case immediately after the discovery of the cache.

Mitchell Spence, an attorney who described himself as a Zionist leader, said he would represent both men.

"I don't believe these boys are criminals in any sense of the word," Fisher said.

Cullen Says Nazis Got Break; Were Caught in 1942

Two Spies Were Seized After Being Landed by Submarine on Beach

Bayside, N. Y., April 28 (AP)—Former Coastguardsman John C. Cullen, who trapped Nazi spies on a Long Island beach six years ago, said today two of them got a "break" in being sent back to Germany.

The White House disclosed Monday that the spies—George John Dasch and Ernest Peter Burger—have been released from prison and sent back to Germany on an army transport. Six other Nazi saboteurs landed with them from two submarines were executed.

"Some people got all the breaks," Cullen said. "But not me. I'm working 14 hours a day driving a wholesale meat truck and even then I'm barely able to pay the rent and the grocer. Why, Dasch is the son-and-so who threatened to kill me on the beach at Amagansett!"

Cullen, now 27 and living with his wife and two-year-old son here, became a hero on the foggy night of June 13, 1942, when he almost stumbled over a Nazi landing party of four while patrolling a lonely Long Island beach unarm.

His alarm led to the arrest of the four and four officers who landed from another submarine at Ponte Verda Beach, Fla.

May Face Court

Frankfurt, Germany, April 28 (AP)—Two Nazi saboteurs released from jail in the United States may now have to face denazification proceedings before a German court.

The army still is questioning the two men, Ernest P. Burger and George John Dasch, who arrived here Thursday from the United States. The army is expected to release them in a few days, but after that the Germans may haul them up for decision on their status as Nazis.

If they are ruled "major Nazis" they can be sentenced to as much as 10 years in prison. Burger and Dasch landed on the east coast of the United States from a submarine in 1942. Their six companions were executed. Burger got life. Dasch 30 years, but President Truman commuted the sentences.

Navara's Death Was Due to Stroke

Coroner Says Tumble From Step-Ladder Not Responsible

Louis Navara, 56, of 56 Navara street, died of natural causes shortly after being admitted to the Kingston Hospital, Tuesday about 3:30 p. m., Coroner Ernest A. Kelly said today. Navara arrived at the hospital about 2:45 p. m.

Navara was rushed to the hospital after falling a short distance from a step-ladder while working at his home but according to the official coroner's report, the man's death was not attributed to the fall but to natural causes.

Coroner Kelly's report said death was due to intracranial hemorrhage, cerebral hemorrhage and contributory arterio sclerosis. The autopsy was performed by Dr. Chester Van Gansbeek and Gilbert F. Schaffner.

An employee of the Henry A. Olson Roofing, Inc., 174 Cornell street for 15 years, Mr. Navara was well-known throughout Kingston and was instrumental in the vast development of his neighborhood and the street where he resided which bears his name.

He is survived by his wife, Marie Houska Navara, a son, Louis C. Navara, Jr., his mother, Mrs. Josephine Navara.

Trouble Besets 3 Republics; Guatemalan Plot Reported

Mexico City, April 28 (AP)—Three Central American republics were reported beset by trouble today.

Travelers from Guatemala said a plot to overthrow the government of President Juan Jose Arevalo has been discovered.

A reliable source said War Minister Gen. Anastasio Somoza of Nicaragua is arming the country to repulse an invasion by water. It was reported from Costa Rica that Nicaraguan troops still are fighting soldiers of Rebel Chief Jose Figueres' "Army of Liberation."

The travelers from Guatemala said a revolutionary plot was discovered Friday and that a dead-or-alive order had been issued for the arrest of the man believed to be the plotter, a former police chief and former defense minister in the Arevalo government. Several men reportedly went to arrest him at his home but he was gone.

The plot report put a damper on Guatemala's plans for a May Day celebration. Police, fearing trouble, have decreed only city workers can march. Last year thousands tramped through the streets. Guatemalans who depend on the daily papers for their information heard nothing of the reported revolt plan. Travelers here said

House Will Take Ballot on Tax Repeal; Air Force Pact Not Reached

Washington, April 28 (AP)—Defense and oleomargarine disputes held top attention in Congress today.

The fight over the butter substitute was due to reach a peak in the House, where a vote was scheduled on a measure to repeal special oleo taxes. The Senate hasn't acted on it yet.

Congressmen from dairy country, faced by a team of city Republicans and southern Democrats—most of the oils in margarine come from the south—saw little chance of defeating the bill in the House.

Instead, they pushed for passage of an amendment which would force oleo manufacturers to put up their product in triangular packages, to keep it from being confused with butter. The manufacturers and oleo congressmen lined up against that.

Defense—the nation's military chiefs seemed as far as ever from agreement over how big an air force this country should have.

Some senators said they were pretty confused yesterday after Secretary for Air Syngman Rhee told them he supported both a 66-plane air force and a 70-plane air force. Many congressmen. The lower fight Continued on Page Six

Battle for Jaffa Rises to New Intensity; British Units Take Part in Fight

Recalls Officers

Abdullah Says Retired Arab Legionnaires Are Back in Service

Jerusalem, April 28 (AP)—King Abdullah of Trans-Jordan said today scout troops of his Arab Legion have occupied Jericho, less than 20 miles northeast of Jerusalem.

Jewish sources in Haifa said Arab Legion gunners shelled a Jewish settlement near Naharaim, on the Trans-Jordan frontier. Ten Jews were reported killed.

Other reports to Haifa said the Jewish militia Haganah captured two police fortresses near the Trans-Jordan frontier in the night. The Jews fought with Arabs, they said, after British forces abandoned the fortresses as part of the general British withdrawal incident to ending of the mandate May 15. The fortresses are at the all-Arab town of Samakh and at Jisr el Majmaie.

The Jewish underground, Irgun Zvai Leumi, said it had captured the entire Manshih quarter of the all-Arab port of Jaffa adjoining Tel Aviv. The battle for Jaffa rose to new intensity. Irgun and Haganah fighters, newly allied, fight side by side in four key suburbs of the city. The Jews won control of Haifa last week.

It was officially announced in Jerusalem that British army units had gone into action this morning "to break up the attack by Jews on Jaffa."

(Dispatches from the scene did not immediately state how any such British intervention was developing.)

Jericho, destroyed and cursed by the Prophet Joshua in biblical times, lies 20 miles west of Amman, Trans-Jordan capital. Abdullah has said he will personally lead armies of Trans-Jordan, Syria, Iraq and Lebanon into Palestine this week to fight Zionism.

He told the Associated Press in his capital at Amman that the force which occupied Jericho, less than 20 miles northeast of Jerusalem, was made up of "scout troops which always precede the regular army."

His statement was a contradiction of denials by the British Army, which said yesterday that no British troops were in Palestine. Arab Legion in Jericho consisted of one company under British Army orders assigned to secure Allenby Bridge.

King Abdullah earlier announced he personally had taken command of Trans-Jordan, Syria, Iraq and Lebanon troops planning an early invasion of Palestine to fight Zionism.

He said today he had recalled to active service all retired Legion officers.

Yesterday, he conferred at length with 100 leaders of Trans-Jordan. Arab tribes and reported he was assured by them: "We are at war with the Jews."

Abdullah said he gratefully accepted their support and sent them back to their tribes "to prepare for war."

Palace sources in Amman said Abdel Rahman Azzam Fatah, secretary-general of the Arab League, is due in Amman at noon today with Trans-Jordan's foreign minister. Both have been in Cairo attending an emergency session of the league.

Abdullah's announcement concerning Jericho added to the invasion jitters already gripping Palestine.

(In London official British sources declined to comment on Abdullah's statement.) Gunfire shattered Jerusalem's early morning stillness. Bullets apparently coming from a nearby Jewish quarter struck the public information building. There were no casualties.

Eight trucks rolled out of Jerusalem at dawn, carrying British officials to Lydda airport for the trip home to England. Only a skeleton crew of 20 British officials remains in the Holy City, rear guard of those who enforced Britain's mandate, which is to be surrendered May 15.

Mother Is Killed In Fall From Train; Daughter Injured

New York, April 28 (AP)—A fall from a north-bound commuter train last night killed a 55-year-old housewife and critically injured her daughter.

The pair, returning home from shopping for the girl's trousseau, tumbled from a New York Central Railroad train just before it emerged from a tunnel in uptown Manhattan.

Police said the mother, Mrs. Ida Goldbourne Brown, apparently lost her balance while moving from one car to another, and fell from a platform.

Her 25-year-old daughter, Constance, tried to save her, and was also dragged from the train.

Another passenger, Jack Mendelsohn, of Brooklyn, said he attempted to catch the girl as she fell, but her arm slipped from his grasp.

Mrs. Brown, the wife of Dr. Lucien M. Brown, was pronounced dead at the scene. Her husband has been a practicing Harlem physician for 25 years and is on the staff of the Sydenham Hospital.

Mrs. Brown was to be married June 19 to Frank Dixon, an medical student at New York University and 1943 national mile champion of the American Athletic Union.

The accident caused delays for thousands of commuters, who jammed Grand Central station. Power was cut off on the New York Central and New York, New Haven and Hartford lines for about an hour.

Know Mating Calls? Hurley Gets Special

Hurley's early morning calm was shattered today by what at first seemed to be a woman's screams, and sleepy citizens who tumbled from their beds were puzzled by the exact location of the noise.

Careful listening, however, brought out one fact: the noise was skyward and moving fast. In addition, the hamlet's dog population paid no particular heed, apparently in sympathy.

All this observer knows is that the "disconcerto" can be attributed to a bird's mating call, for after such raucous screams one sharp, sweet, note would follow.

One source said it sounded like "all hell with laryngitis," while another reported it was "an Andy Devine blast with a feather on it."

Anyway, it wasn't pretty.

Toppings, Pastor Stay in Seclusion; Ex Gets 4th License

Hollywood, April 28 (AP)—Honeymooning Lana Turner and Henry J. (Bob) Topping, Jr., stayed out of touch with the public today. So did the minister who married them.

The film sweater girl and the tinplate millionaire presumably still were in seclusion in their hotel bridal suite. But the hotel was a bit coy about it and they may have gone to Palm Springs where Lana has a home.

She told a reporter yesterday that, in any event, they would leave here Thursday by plane for New York from where they have ship passage for London May 5.

The Rev. Stewart P. MacLennan who married the couple Monday in a glamorous setting could not be reached for comment on Presbyterian criticism of him. His home said he was out of town.

The Buffalo-Niagara (N. Y.) Presbytery in a resolution expressed "surprise and regret" that Mr. MacLennan, retired pastor of the Hollywood Presbyterian Church, performed the ceremony which occurred three days after Arline Judge divorced Topping in Bridgeport, Conn., where decrees become final immediately.

The New York resolution asked the Los Angeles Presbytery to "administer such reprimand or discipline as the situation in this judgment deserves."

The Rev. Thomas Holden, clerk of the Los Angeles Presbytery, said the resolution, and several protests he has received from local clergymen, would be taken up at a meeting May 11.

Meantime, at the home of William R. (Billy) Wilkerson, film and paper publisher, where the wedding took place, the delicacies left over from the wedding reception were trucked to a Van Nuys home for boys and hundreds of dozens of flowers were taken to Birmingham General Hospital for Veterans.

Gets License for Sixth

New York, April 28 (AP)—Four days after her divorce from husband No. 5, Arline Judge got a license yesterday for her sixth trip to the altar.

She and George Ross, Jr., 31-year-old well-to-do insurance man, plan to be married soon.

Her most recent "ex" is Henry J. (Bob) Topping, who married screen star Lana Turner Monday.

Arline, 36, and Ross, who's over six feet three inches tall—held a news conference yesterday.

"You can't say I've been a coward," she quipped.

Mrs. Roosevelt Says Wallace Will Get Votes

New York, April 28 (AP)—Mrs. Eleanor Roosevelt predicts Henry A. Wallace will get "a substantial vote" for president because—

"Any one who promises peace, but never explains, how you are going to make good on your promise, will get a large vote. All the world wants peace."

Mrs. Roosevelt made the statement when asked about the Third Party movement yesterday as she arrived from Europe on the Queen Elizabeth.

She said she has not yet decided whether to continue her work with the United Nations, but that it is possible she will resign as chairman of the U. S. Commission on Human Rights and as a member of the U. S. delegation.

"I will not and cannot go into politics while I am in U. N. work," she said.

Mrs. Roosevelt, who went to London a month ago, participated in the unveiling of a statue to her late husband there.

She said yesterday the British people are "tired," but declared "I think the Marshall Plan and the feeling it has started has given them a real lift."

Society Matron's Body Is Found on Newport Beach

Middletown, R. I., April 28 (AP)—Authorities were attempting today to determine the cause of the mysterious death of Mrs. George Eustis Paine, 52-year-old New York society matron.

Her body was found yesterday lying face down on a beach about a mile from Newport.

Medical Examiner James Callahan reported in a preliminary finding that her death was "not due to drowning or foul play."

Investigators said the cause of death may not be learned until the state toxicologist completes a chemical analysis of the woman's organs and the contents of her stomach.

Pink pills found on Mrs. Paine's person are also being analyzed by investigators.

She was reported missing in New York Monday by her husband. He is a member of the board of directors of the Curtis Publishing Company, president of the New York and Pennsylvania Company, chairman of the board of the Castanea Paper Company and a director of numerous insurance companies.

Paine said he last saw his wife Monday morning before he left for Philadelphia to attend a Curtis Publishing Company board meeting.

He said he first became alarmed when she failed to meet him by previous arrangement upon his return.

They had been residing at the St. Regis Hotel in New York while preparing to move into a 21-room Park avenue apartment.

Police theorized Mrs. Paine left New York for Providence on the noon train Monday and had gone to the Strand Theatre during the evening. A ticket stub to that theatre was found in her handbag.

The Paines have a large estate in Newport.

Peter Says He Intends To Return to Throne

New York, April 28 (AP)—King Peter II, Yugoslavia's dethroned monarch, says he intends to return as ruler of his country.

The 24-year-old Peter arrived yesterday aboard the Queen Elizabeth on a private business visit to the United States. He was accompanied by his wife, Alexandra, and their infant son.

He expressed the belief that if a free election were held today in his Communist-dominated country, Marshal Tito would be overthrown as premier.

Asked whether he was making any attempt to regain his throne, Peter said:

"In my own way, yes."

Some Districts May Select Own School Official

Albany, N. Y., April 28 (AP)—Central school districts of at least 4,500 population may appoint their own superintendent of schools, Supreme Court Justice Isadore Bookstein holds.

In what he termed the first court ruling on the issue, Bookstein dismissed yesterday a Sullivan county taxpayers' action challenging validity of the appointment of Leon J. Weiss by Fallsburg Central School District No. 1.

Willis Cudney, town of Mankating, contended that a State Education Department census prior to Weiss' appointment was "fraudulent." He sought an injunction to restrain payment of state aid to the district, halt pay-

ment of Weiss' salary and prevent him from performing his duties as superintendent.

Bookstein, who ruled that Cudney's complaint did not state facts sufficient to constitute a cause of action, said statutes gave central school districts the same powers held by union free districts.

He noted that union free districts are permitted specifically to appoint superintendents if an education department census shows a minimum population of 4,500.

Districts under 4,500 population are under a district superintendent appointed by an elected district board.

Macy Condemns 'False Philosophy' Of Beneficial War

New York, April 28 (AP)—Rep. W. Kingsland Macy (R-N. Y.) said last night America must prepare for war, but he condemned "this false and murderous philosophy of a beneficial war."

Speaking to the National Republican Club, which elected him for his fourth term as president, Macy said "we want no war for prosperity or the idle talk of it."

"There are among us," he said, "financial wizards so bankrupt spiritually that they are intrigued by the idea that the United States could benefit from another war. America, as conceived and nurtured through liberty to freedom, is in its very elemental essence opposed to a thing so heinous and vicious, so unthinkable."

Such a philosophy, Macy said, "if permitted to spread, would abuse us as a nation and might force us into militarism."

"Wars do not make prosperity, but they do make profits for a few unscrupulous individuals, black marketers with an anti-social viewpoint," he said. "The racketeers come out of it far richer proportionately than the law-abiding executive geared to peace."

The club also named Victor D. Werner first vice president; Bernard Katzen, second vice president; Loran T. Hostetter, recording secretary; William W. Luman, corresponding secretary, and

Samuel W. Lerer, treasurer. Morton Blumenthal, John G. Byler, Everett Highy, Jerome J. Licari and William Peltzer were elected to the executive committee.

Claims Are Filed In Kansas Against Officials of City

Kansas City, Kas., April 28 (AP)—Damage claims totaling \$123,000 were on file today with Kansas City, Kas., as the result of a strike involving the city's police force and striking C.I.O. packing house workers.

The Kansas police force, while on duty, raided a union hall last Friday. They were under instructions to get tough if necessary. A half mass picketing at the City Packing Co. Ten persons were hospitalized.

Twenty-seven claims for \$103,000 were filed yesterday by an attorney for the United Packing House Workers of America. Two claims for \$10,000 each were filed today.

The claims said the injuries were inflicted on union members by police acting illegally and entering outside the scope of their authority. The actions were based on the Kansas mob statute which makes a city liable for violence committed by a mob of five or more persons.

City Solicitor Philip Murray has asked for a federal investigation of the incident.

Soviet Press Says There'll Be No War

Berlin, April 28 (AP)—"There will be no war," the Soviet-controlled press in Berlin said today.

"There will be a political reckoning with those who chose Berlin as a fighting place for their political adventures," it added.

The reference to political reckoning was one of a number of vague threats made in Soviet-licensed papers against the western powers, and the United States in particular.

Thaelene Rundschau, Soviet Military Government newspaper, devoted nearly half its front page to a new attack against the west. It charged wholesale arrests of political minorities and widespread attacks by American soldiers against Berlin Germans.

The latest Soviet blasts were touched off by the flight of Hans Kniig, chief of Berlin's uniformed police, into the city's western sectors. Kniig charged the Soviets threatened to arrest him for disciplining a German policeman. He said the policeman had lured a German citizen into the Russian zone for kidnapping. He further charged the Communists with being responsible for a wave of kidnappings in Berlin.

Western powers have repeatedly accused the Soviets of inspiring kidnappings of anti-Communists from western sectors of the city.

Children to Depict Religious Workers

Children of Immaculate Conception School will hold a special program in the school hall Thursday at 2 p. m., stressing the drive being made by the Catholic Church to attract young people to religious careers as priests, nuns and brothers.

The stage presentation will depict missionaries and other church workers spreading the Gospel in foreign lands and ministering to the spiritual needs of those who look to the church for their right light in leading their daily lives.

There will be a special talk by the Rev. Joseph Slezek, pastor of Immaculate Conception Church, in addition to the exhibition put on by the children of the parochial school.

Bernard's Guard Leaves Hospital

Acting Chief of Police Raymond Van Buren said today. Bernard's condition was reported as slightly improved at the hospital today.

The guard was removed Monday at 4 p. m. in view of Bernard's condition. Chief Van Buren said, but it will be resumed when the patient is certified as recovered. The guard was placed following his arrest at the hospital Sunday morning.

Bernard was said to have suffered a concussion, slight fracture of the upper jaw and a possible fracture of the skull as a result of an automobile accident early Sunday morning involving the alleged stolen car of Bernard and a parked vehicle on Albany avenue owned by Miss Elinor Schultes.

The car in which Bernard was injured was one which police said was reported stolen from Joseph Damis of 35 Gill street, shortly after midnight Sunday. The police said the accident occurred at 1:17 a. m. Sunday.

Questioning of Bernard concerning the identity of an unknown woman who was reportedly seen leaving the stolen car just after it was wrecked, has not been attempted because of his condition, the police said.

ure is a compromise suggested by Symington's boss, secretary of Defense Forrestal—who would prefer 55 groups if he could have them.

Symington testified before the Appropriations Committee. He started out by saying that the compromise had his support. And then he spent two hours backing up the 70-group plan already okayed by the House.

On that side of the capital, meanwhile, leaders said draft and universal military training programs must be considered separately if either is to pass.

On—A Senate committee said the navy was overcharged \$30,000,000 on war time oil purchases because of an oil company's "avaricious desire for enormous profits" and the government's "lack of responsibility."

The Arabian American Oil Company—called Aramco—retorted that it had saved the Navy money, and that the benefits to the nation "have only just begun."

The charge was contained in one of the final reports of the Senate War Investigating group. The company's answer appeared in booklet form.

Resources—Rep. Mundt (R., S.D.), who wants to revise the United Nations charter, said non-Communist countries have from 70 to 92 per cent of the "vital elements required to wage a victorious war."

"No war-mad country and no power-hungry aggressor will initiate a war against such odds as the Communists would confront if the peace-loving nations of the world harness their resources together under an effective formula for international action," declared Mundt.

And the charter change is such a formula, he said.

Roosevelt Thinks Truman Would Be Eisenhower Man

New York, April 28 (AP)—Elliot Roosevelt predicted last night that President Truman would proffer the Democratic presidential nomination to Gen. Dwight

D. Eisenhower "if enough people demand it." The late President's son, speaking at a rally held by the "draft Eisenhower movement," said that if Eisenhower does get the nomination "he will be the first president in my opinion since George Washington to receive the unanimous vote of the electoral college."

Roosevelt also predicted that if Mr. Truman chooses to run for a full term in the White House he

would be outpulled by Henry A. Wallace, third party candidate. Eisenhower, Roosevelt said, would not refuse to accept nomination although "the last thing in the world he wants to be is president of the United States."

If the general is nominated it will be in spite of the "Democratic machines," Roosevelt added. "Mr. Truman controls those. If he (Eisenhower) gets it, it will be because the people demand it. And if enough people demand it, Mr. Truman will proffer it to him at the Democratic national convention in Philadelphia."

The meeting was picketed by members of the War Resisters League. They carried placards which read: "You Draft Ike—like Drafts You," and "No Brass Hat in the White House."

Leaflets opposing the draft-Eisenhower movement were passed out by the pickets.

The attorney stressed that Browning is a man well versed in world events as well as national, state and area news and that he was widely known also as a writer and dog fancier. His broadcast yesterday opened with a round of applause from the club members.

It was announced that the club would supply "campaign" buttons to pupils of the Myron J. Michael School in conjunction with the forthcoming courtesy campaign.

The club is also sponsoring a sale for the blind and it was announced that this sale would be held at the Colonial City Chevrolet rooms instead of at Harco Motors on North Front street as announced earlier. The sale starts May 10.

Saugerties Woman Found Hanging by Village Resident

When Bertrand Genthner went to the garage in the rear of the home of Alice Wolven, 65, at 15 Elm street, Saugerties, about 6:45 p.m. this morning he was horrified to find her hanging from a rafter in the garage. Mr. Genthner, who kept his car in the garage, notified Chief of Police Arthur Decker of the Saugerties police. Decker, who was called and later pronounced the woman dead.

Coroner Ernest A. Kelly of this city was notified and gave a verdict of strangulation by hanging. The remains were turned over to the Scammon Brothers Funeral Home.

Employed at the Tissue Mills in Saugerties, Alice Wolven appeared dependent, other employees of the place reported. She lived alone, her sister having died about a year ago.

Chief Kelly said the act had been committed apparently about 27 hours before the body was found.

only 1,502 votes to 146,706 for the New York governor.

President Truman was the only name on the Democratic ballot. He rolled up 210,184 votes in 6,223 precincts. Eisenhower got 3,247 Democratic-written votes while Wallace polled 3,315.

Republican congressional nominees were defeated for re-election. They were James Gallagher, Philadelphia (First District); F. Wallace Chadwick, Moylan (Fifth District); and James P. Seaback, Archibald (Tenth District).

Despite many bitter local fights for congressional delegates to both major party conventions, state Legislature and local offices only a small fraction of the 2,278,972 registered Republicans and 1,779,086 Democrats cast ballots.

No Extensive Campaigning
None of the presidential candidates had done extensive campaigning in the state. However last-minute campaigns for write-in support of Stassen and Senator Martin were reported in some sections.

State Republican leaders, headed by Gov. James H. Duff, have stumped for an undecided convention delegate, and said they would support Martin as "favorite son."

As a result, no candidate's name appeared on the Republican ballot for President, and all votes were cast by electors who preferred to specify their choice by write-in.

Stassen carried Philadelphia by a better than two-to-one margin over Dewey, 11,841 to 4,805 in complete returns from the nation's third largest city. And he was ahead in Pittsburgh, where returns from 84 of 104 precincts showed Stassen 11,933, Dewey, 9,183.

The New York governor was leading in a substantial percentage of the state's more rural counties, especially those near the New York state border. Sen. Martin's principal strength developed in the Luzerne county section of the anthracite coal fields near Wilkes-Barre, where a heavy vote gave him a short-lived lead in the early returns.

"A SPINSTER DINNER"

A reader complains: "I cannot find any mention of a spinster dinner in your book. I thought this dinner was given customarily for the bride by one of her attendants. As a maid of honor in a forthcoming wedding, I feel I should be the one and I'd very much like your directions for giving such a party."

I never have heard of a spinster dinner. But throughout our immense country there must be many charming "neighborhood" customs of which I never have heard. As its name indicates, I imagine its distinguishing feature would be the absence of men. In other words, it would be an evening (or possibly mid-day) dinner similar to the bridesmaid's luncheon, which is described fully in my book.

Answering the Telephone
Dear Mrs. Post: Please tell me when someone asks on the telephone, "May I speak with Miss Jones?" what is the correct answer when it is Miss Jones who has answered? Should it be "This is Miss Jones" or "This is Miss Jones?"

Answer: Either is correct!

Best Adviser Is "Don't"
Dear Mrs. Post: What is your opinion of a woman in her late 40's (never married) spending an occasional evening at the house of a widower friend some 20 years older. Could she be criticized?

Answer: If she makes it her habit to dine with him often, people certainly will gossip. In fact, to do so at all is likely to cause gossip unless the neighbors have an unusually high opinion of them both.

Elderly Lady Usually Excused From Rising
Dear Mrs. Post: Does an elderly lady ever have to rise to shake hands with anyone? That is, would she be considered rude not to do so?

Answer: Every lady in her own house rises to shake hands with all of her guests—unless she is infirm. In the house of another, an elderly lady is expected to rise only when a personage of distinction is presented to her.

Mrs. Post's booklet, No. 502, "The Etiquette of Letter Writing," gives suggestions for notes for various occasions as well as the color and quality of paper. To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, c/o The Kingston Daily Freeman.

Fire Department Answers Five Calls

Five fires of various classifications kept local firemen busy Tuesday from noontime up to nearly midnight answering calls in different parts of the city. Of the five, two were listed as grass fires.

The first grass blaze was called at 12 noon near the railroad crossing of the Boulevard. The Bloomington Fire Department was notified but a few minutes later Chief Joseph Yunkor requested aid from Kingston and Excelsior Hose responded. A booster line was used to extinguish the fire. Engine 1 responded to a grass fire at 4:15 p.m. at West O'Reilly street near the "Twallskill Golf Club. The Indian pumper and brooms were used.

Firemen were called out again at 4:49 p.m. to a chimney fire at 22 Foxhall avenue, a two-story brick building owned by Marshall Amarello and occupied by Ralph Cole and Samuel Palisi. Engine 2 went to the scene and firemen removed soot from the chimney with chemicals, the report said.

Catch on Fire
After responding to a call for a rubbish fire in the rear of the Katz junk yard on Hasbrouck avenue at 8:05 p.m., a still alarm fire was reported at 11:38 p.m. in a building next to Taylor's Restaurant, Broadway.

Upon arrival, however, firemen found that a couch set out on the sidewalk for the ash collectors, had been set afire. The blaze was extinguished with an Indian pump. The report indicated that it was believed a carelessly thrown cigarette butt had caused the fire. The property is owned by Chris Rienzo of 664 1/2 Broadway.

report by a presidential fact-finding board. The unions had rejected the board's recommendation of a wage increase of 15 1/2 cents an hour. The carriers, which estimated the pay boosts would add \$80,000,000 a year to their added costs, accepted the report.

The unions last October 7 had asked a 30 per cent pay hike with a minimum raise of \$3 a day and changes in working rules. Two other operating brotherhoods, the Railway Trainmen and Railway Conductors, had accepted the 15 1/2 cents an hour boost offered by the carriers. Earlier, about 1,000,000 non-operating rail workers in 16 unions also accepted the 15 1/2 cents hourly wage increase.

Kingston High Blanks Beacon, 2-0, on Clark Mains' Two-Hitter

Ace Hurler Fans 13 Batters; Bob Ghear Blasts Home Run

Clark Mains, the DUSO League's "Ewell Blackwell," breezed through another impressive workout yesterday in Beacon, blanking the Dutchess nine, 2-0, on a two-hitter that extended his scoreless inning streak to 12 for the season. He struck out 13 batters.

Big Bob Ghear's circuit clout, a towering smash to deep center with Mike Rienzo aboard accounted for the Maroon's two runs in the second inning.

It was Kingston's second victory of the campaign and set the stage for the DUSO League opener at municipal stadium Friday against a veteran Port Jervis squad.

Has Perfect Control
A pair of singles by Russell, the Beacon leadoff, spoiled Mains' otherwise perfect performance. He didn't issue a single pass and most of the innings retired the side in order. One of Russell's safeties was a blunder to right field.

The stylish right-hander who overpowers the average high school batter, especially the righties, with his sweeping side-arm stuff and curve, will be back on the firing line against Port Jervis.

Garo pitched effectively enough to win an ordinary game, yielding only six hits, but Mains' presence generally removes any contrast from the ordinary category. He was rocked by Mike Rienzo's single and Ghear's four master without an out in the second. When Chris Lay batted him for a single the big inning was imminent but Garo chalked up two strikeouts after Ronnie Scheffel batted first.

Garo balked Kingston in the seventh when successive singles

Dulin, Weaver On Injured List

The K.I.S. baseball nine suffered injuries in two departmental games yesterday. Dick Dulin, heavy hitting leadoff batter, bruised his left ankle sliding into third base at Beacon and was removed from the game. His injury was not serious, however, and he is expected to be ready to play Friday against Port Jervis.

Ed Weaver, the basketball hero who started the season at first base, is out for the remainder of the campaign with two smashed fingers on his right hand as the result of an accident when an automobile door was slammed against his hand.

by Ronnie Scheffel and Charlie Gruenewald put runners on second and third with one out. Pinch hitter Mulligan struck out and Dollard collapsed. Ken Lowe's grounder for the third out scattered the six Kingston hitters were scattered among six different players.

The Maroon outfielders handled only one chance all day and the team backed Mains with errorless support.

Bring on the DUSO League! Ewell is ready!

Colonial League Starts With Tie

Port Chester, N. Y., April 28 (AP)—The Port Chester Clippers and the New Brunswick Hubs battled three hours to a 10-10 tie last night in the first game of the Colonial League baseball season.

The contest was halted after eight innings under a ruling that no inning can be started after 11:30 p. m. Port Chester scored five runs in the first inning but by the end of five frames, New Brunswick was ahead 10-5. The home club came back to score three times in the sixth and once in both the seventh and eighth to tie the score.

New Brunswick made only five hits but was helped along by five Clipper errors. N. Brunswick 139 339 00-10 5 3 P. Chester 500 003 11-10 12 5 Bedell, Cashion (1), Turner (7) and Goldsmith; Figueroa, Tully (3), Kasky (6) and Pincchio.

New managers will be on the bench for six of the league's eight clubs. The only holdover pilots are Merrill May at Albany and Bill Norman at Wilkes-Barre. Trotters Arrive At Historic Track

Goshen—Five trotters from the Fred Egan Stables arrived at Historic Track Monday following a three-day trip from the winter training quarters at Orlando, Fla. Shipped by truck, the five trotters stopped off at Pinehurst, N. C., for a workout before proceeding to Historic Track.

Included in the shipment were Tulip Hanover, St. Clair, Todd Scott, Orchid Hanover and Gail Hanover. Todd Scott and St. Clair, owned by C. W. Phellis of Greenwich, Conn., are entered in the \$5,000 E. H. Harriman Challenge Trophy race for two-year-old trotters at Historic Track on Friday, July 9. Gail Hanover and Tulip Hanover are owned by the Hanover Shoe Farms and will compete in the 25 Class Trot at Historic Track on Friday, July 9. Orchid Hanover, owned by A. C. Mudge of Hanover, Pa., is entered in the \$6,000 Acorn Stake for two-year-old fillies on opening day, Monday, July 5. The stables are under the supervision of Assistant Trainer Johnny Thomas. The trotters will work out daily at Historic Track.

'Losingest' Muleahy Notches First Win

Atlanta, April 28 (AP)—Hugh Muleahy, whose name appeared so often in major league box summaries after the notation "losing pitcher" that he acquired that phrase as a nickname, hurled Memphis to a 1-0 victory over Birmingham on three hits last night.

Muleahy, 34, who led the National League in games lost while with the Phils in 1938 (10-20) and in 1940 (13-22), came to Memphis after being with Pittsburgh and Oakland last year. He was in the army for five seasons after 1940. Muleahy had appeared twice in relief roles for the Phils before getting the starting assignment.

In The Pocket with CHARLIE PIANO

Echoes From Brooklyn, U.S.A.:
The Borough of Churches caught Kingston keggers on the rebound from Detroit's famed Woodward avenue but some of the sharpshooters made expenses in the trek to the state championships over the week-end. . . . Johnny Ferraro's 686 might conceivably win the singles title (689 turned the trick in Syracuse last year) and in any event it should be in the top five. . . . There were new heroes. . . . Flying Saucers' youthful stars had a gorgeous chance to smash well over 3000 in the gross department only to collapse in the final frame with three blows and a split. . . . They were the real surprise package, though, and their 2993 gross will bring a fair share of the prize melon. . . . Chris Robinson was a man inspired, firing 667 with 209, 253 and 205. . . . He needed a double in the 10th for a 705 series but missed a single pin spare. . . . In the middle 1020 net blast, the first three men—Howard, Robinson and Mitzie Arlensky furnished 224-253-231-708 in that order.

Of Men and Mice:
Ferraro, Randy Kolder who blasted a 267 solo in the doubles and Johnny Schatzel are sure to pick up all-events money. . . . Schatzel was consistently in the pocket for nine games. . . . Hotel Ulster had several bad breaks. . . . Three men stuck on the runways and toppled over for fouls. . . . Schatzel dropped out on one hand, a foul on a strike that would have been a four-bagger. . . . It doesn't take an Einstein to convince Harold Brodsky that 9 splits, 9 misses and ONE strike in 30 frames add up to a rousing 380, new all-time low state singles. . . . That's a tough case to bowl, anyway you look at it and Harold should be rewarded. . . . After the comparative and orderly precision of the A.B.C. the state tournament setup seemed like wild confusion. . . . Several bowlers making their first appearance in a state tournament had a big thrill. . . . They'll be back next year, handicap or no handicap.

Flotsam and Jetsam:
Several members of the distasteful side of bowling families were present adding a social tone to the affair that was sadly lacking in Detroit. . . . The ladies said they were present to doublecheck the scorekeepers. . . . "Hod" Spaulding returned home immaculately attired. . . . no ketchup on his coat sleeve this time. . . . Some of the fellows discovered they could make more money sitting in a hotel room playing parcheesi. . . . A couple of guys hit for more than a hundred, topping some of the singles scores. . . . Charlie Munro, the eminent sociologist who can find his way around the world in a minute, learned to his discomfort that it makes a whole of a difference if you use BMT or BRT going from Gotham to Brooklyn. . . . It's always advisable to make hotel reservations in advance, otherwise you settle for a hotel like "that one" where they supplied a flit gun for single rooms and the house dick came around at midnight and yelled "How many people in there?"

PROMINENT STATE personalities present for the handshaking ceremony among them "Shadow" De Angelo of Tarrytown who used to lead those crack Fisher Body squads to Kingston. . . . Also William C. Landgraf, next president of the New York State Bowling Association, and George Woodward, NYBA treasurer and sponsor of the famous Rangers. . . . Al Cirillo, Jimmy Powers' stooge and bowling expert, was in Detroit with the New York sharpies. . . . A.B.C.'s, the metropolitan powerhouse, blew the five-man lead in the final frame. . . . When travelers like Tony Spaulding, Marty Cassio, Mort Landsey, Dom Suraci and Sam Vitola do the fold act, you can appreciate the pressure in the A.B.C. when a group or individual nears the lead in any direction. . . . Oh, brother, if we could only roll that 30th frame of the singles over again!

For Strong Men Only:
New York state trappers took a cash crop of 4,328 pelts worth approximately \$200,000 during the beaver season this spring, according to a note from Conservation Commissioner Perry B. Duryen. . . . Ulster county produced 56 beaverskins. . . . St. Lawrence county yielded almost a quarter of the take with 1038 pelts. . . . Franklin was next with 844 and Hamilton third with 593. . . . The average open counties and 17 trappers shared the take. . . . When trappers take was in excess of two beaver per trapper. . . . OLD ZEKE SAYS dry flies are usually fished upstream and shorter casts may be used this way, since trout face the current and the angler approaches them from the rear or blind side. . . . One should not try to cast directly over the fish, however, but to cast quartering upstream. . . . Otherwise the line and leader would be seen first and might make the fish suspicious. . . . Dry flies should have light hooks and stiff hackles so they will float easily.

MULLIGAN MIKE SAYS: Most of the Kingston keggers looked like the "400" in Brooklyn. They bowled that way, too.

Pike-Pickerel Next Targets For Anglers

Albany, April 28—Angling for pickerel, great northern pike, except in Westchester and Putnam counties, pike perch (walleyed or yellowpike), blue pike perch and yellow perch in the few waters which have closed seasons will be resumed on Saturday, May 1, when the season on these fish reopens and continues through March 1, 1949.

Minimum length for pickerel is 12 inches and for great northern pike 18 inches except in Silver Lake, Wyoming county, where it is 16 inches and in the St. Lawrence river where it is commonly called pickerel and where it is 20 inches. Daily limit for both great northern pike and pickerel is 10 except in waters where their take by licensed netting is permitted. In such waters, there is no limit.

The season for pike perch and blue pike perch, except in several major waters, also runs from May 1 through March 1. In Lake Erie and the Niagara river, there is no close season and no size limit on either species. In Lake Ontario, there is no close season for blue pike perch and no size limit for either pike perch or blue pike perch. Elsewhere, the minimum limit is 12 inches. With few exceptions, the daily limit on both species is 10.

1946 ABC Champs Make Title Bid

Detroit, Mich., April 28 (AP)—Lo-Da-Mars, a Santa Monica, Cal., quintet that won the American Bowling Congress team championship in 1946, will try to topple Cleveland's Cavoli five from the top spot in the current tournament tonight.

The California entry scored 3023 at Buffalo two years ago. It is sponsored by film comedian Harold Lloyd and former world match pin bowling champions Ned Day and Hank Marino.

The leading Cavolis hit 3002 March 25 and have held the lead for a month. Yesterday a spotty minor events card failed to produce any changes among pace-setters. Topping the team competition last night was the Distil Heating five of Lansing, Mich., with 2,864, far short of tenth place.

Browns, Cubs Make Experts Look Bad in Getaway Action

By JOE REICHLER, Associated Press Sports Writer
Tomorrow the beautiful dream may be over for the St. Louis Browns and Chicago Cubs, but today the major leagues' two "ugly ducklings" are riding high.

A look at the standings shows the Browns and Cubs, generally tabbed as the 1948 cellar-dwellers, perched in second place in their respective leagues.

Each club has a winning streak of three games still alive. The Browns whipped the Detroit Tigers for the second straight day yesterday, 9-8, for their fourth win in six starts. The Cubs knocked off Ewell Blackwell and the Cincinnati Reds, 7-2, for their fourth triumph in seven outings.

Browns Surprise
A short time ago the Browns were being severely criticized for selling most of their stars to the rich Boston Red Sox. A solid choice for the basement, the 1947 last placers were expected to win even fewer games than the 59 they copped last year. So, while the Browns are only a couple steps behind the league leading Cleveland Indians, the Red Sox are struggling to stay out of the cellar.

The criticism against the Cubs was that Manager Charlie Grimm was chained down with too many players who have outlived their usefulness in the majors.

Well, the Cubs' bats apparently have plenty of kick left and Chicago's pitching has been excellent. Not one of the team's losses can be traced to the hurling. Two of the Cubs' triumphs have been notched by first year hurlers Cliff Chambers and Bob McCall. The latter bested Blackwell yesterday, allowing only eight hits, all singles.

Bert Burr Blasts 231-203-248 Triple in Central Rec League

D. Rawding Cracks 546

The bowling season isn't dead yet—not for Bert Burr, the fireball floorballer in the Central Rec League.

In moments of inspiration Burr can knock down maple with the city's best slickers. Last night was one of those nights and he responded with a steady flow of strikes for 231-203-248-682. It was his third triple of 675 or better this season.

Burr's inspired bowling set the pattern for a flock of other notable efforts. Frank "Tarz" Spada, fully recovered from the horrors of the A.B.C. and state tournaments, fashioned a 651 triple with 193, 247 and 211.

Turk's Blast 1042
Stan Warren clicked for 199-244-584; Lou Bruhn, the D. A. shot 244-591; Ed Auchmoody had 201; J. Stabile 203; L. Petersen Sr. 207; J. Costello 208; E. Russo 207; Herm Seelbach 218-591.

Turk's Insurance set a new record for team high single with a 1042 blast in the middle game against Chez Emile. George Castor set the pace with 244; Nick Turk had 212; H. Neer 188; R. Myers 188 and Steve Woyden 210. Castor tripled 591 and Turk 579. E. Jordan rolled 210 and Ray Hough-talling 200.

Citation Flaunts DerbyHoodooWith Win in Trials

Louisville, April 28 (AP)—The weather and Calumet Farms running cyclones, Citation and Coaltown, provided most of the Kentucky Derby discussion today as pre-race indications pointed to one of the smallest fields for the classic since its inaugural in 1875.

At the moment it looks like a six or seven-horse field, one of the smallest in more than 30 years.

Citation, sauntered out yesterday and leisurely romped away with the Derby trial, a one mile final prep jinx which has haunted every colt that ever won.

Citation and Jockey Eddie Arcaro beat W. L. Brian's Escadrille a length and one quarter yesterday, although the Maryland colt was fat from disgraced in defeat. Escadrille was closing nicely and took place money by a head over Howard Wells' Eagle Look, with Charles O'Neill's Galeo—the early pacesetter—last in the field of four.

This eliminated Galeo from Saturday's speculation, but a surprise announcement from New York today for the Derby sustained the seven-horse possibility for Saturday.

New York (Sunnyside Garden)—Johnny Colan, 179½, New York, outpointed Jimmy Carroll, 204, New York, 8.

Wallace Declares Violations Injure His Third Party

Iowa City, Ia., April 28 (AP)—Henry A. Wallace says his third party is suffering from violations of free speech and political rights, and he fears the United States has made a secret military deal with Franco Spain.

Wallace denounced "trickery and intimidation" he said was being used to keep his third party off November ballots. Aides said the former vice president was facing such hostility as he carried his presidential campaign into his native Iowa today.

His associates contended he was forced to speak outdoors in a public park here (11:30 a. m. C.S.T.) because they said the University of Iowa had denied him the use of its campus facilities.

They said the Iowa State Board of Education had invoked a 25 year old rule against political meetings on university property. Use of the university's halls also has been refused at least two Republicans.

Last night Wallace denounced "forces determined to keep us off the ballots next November, by every form of trickery and intimidation."

He spoke before about 2,500 persons who paid 50 cents each and donated about \$1,800 in a rally in Moline, Ill., across the Mississippi from Davenport, Iowa.

He called for "the full details of just how much aid we are giving to Franco's friend, Francisco Franco in Spain."

He asked "whether we have already consummated a military agreement with Franco." The government, he said, should make "a full statement of the negotiations with the government of Franco."

Coast League Club Buys Colonial Aces

Stamford, Conn., April 28 (AP)—President John A. Scalzi, Jr., of the Colonial Baseball League announced today that San Diego of the Pacific Coast League had decided to exercise its option to buy Danny Perlmutter and Vito De

Vito from the Colonial League Stamford club.

Perlmutter, a New York resident and formerly of the City College of New York, is an outfielder. De Vito, who lives here, played second and third base for Stamford last year.

The original option terms, Scalzi said, carried a \$1,500 purchase price for each player.

Both Perlmutter and De Vito are now with the San Diego club.

One of the most interesting developments in tournament bridge in recent years is commercial and industrial games, part of their personal activities. Nineteen such teams entered the Eastern States contest, won by the team representing New York Board of Education: Morton Friedman, George Becker, S. Selman, Max Kitt.

I was kibitzing George Becker when he played the hand shown today. When West bid a spade and Becker failed to overcall with two diamonds I took a second look at his hand. He later said he felt sure one spade would not be the final contract, and he decided to do a little trapping.

When East bid two spades and West bid three clubs, I did not approve of Becker's pass, but again he felt that if he did not interfere the opponents would place the missing high cards in each other's hands.

That is exactly what East did when he elected to bid three spades rather than four clubs.

Declarer now is in a bit of a bind. He is not winning the opening lead of the king of hearts and immediately leading a heart.

Becker shifted to a small diamond, West won with the ace and led a club. Becker trumped with the four of spades, cashed the king of diamonds and led a small diamond. West trumped with the deuce of spades and led another club, which Becker trumped with the six of spades. The ten of diamonds was led, declared trumped with the three of spades, led another club and Becker trumped with the jack of spades.

Then he made a nice play, the lead of the nine of diamonds. Declarer discarded a club from dummy, South trumped with the queen of spades and Becker still made his spade ace.

Thus East and West went down four tricks doubled, minus 700.

Would Erect 'Liberty'

Manila, April 28 (AP)—A twin sister of the historic Statue of Liberty, to be placed on battleship USS New York in Manila Bay, was urged today by U. S. Ambassador Emmet O'Neal. It's his wife's idea, he said, adding that he would urge that the American people raise funds by popular subscription. It would be presented to the Philippine republic as a memorial to the heroic defenders of the famed "Rock."

SHOKAN

Shokan, April 27—Mr. and Mrs. Felix Sierra, residents of the Coons neighborhood last year, moved here from New York and spent the week-end with Mrs. Sierra's parents, Mr. and Mrs. Charles Rodriguez.

Mrs. Nelson Boice of Olive Bridge, the former Nettie Davis of Atwood, was a caller in the village center Sunday.

Mrs. J. W. Jones, who has been visiting her son, Edward, and family in Scarsdale, is again at her farm home on the mountain road.

Will Giles of Poughkeepsie came here Saturday to be present at the burial of his brother, the late Charles Giles, in Tongore Cemetery.

Those who attended the pancake supper at Camp Temerada Saturday night had a good time. Mine Host Lukacs and his family provided plenty of cakes and new maple syrup for everyone. Maple sweets are even more of a rare treat this season than has been the case during the past several years' scanty sap harvests.

The junior town citizens club of the Ashokan school recently held its early spring meeting with James Van Wagenen, the retiring supervisor of the organization, as presiding officer. "Promotion of Peace" is the current goal of the club which now numbers 33 members following the transfer, during the first term of school, of six valuable members to other schools.

Monday, April 28, 1913, funeral services were held for Elizabeth DuBois, 68, widow of John DuBois, who died on the 26th at the home of her daughter, Lattie Sutton of Walden. Interment was at Stone Ridge. Mrs. DuBois' maiden name was Dunnigan; she was born at Shokan and had lived in Walden five years. She was survived by four children: Charles of Brown's Station; Oscar, Modena; Lillie, Atwood; and Mrs. Sutton, also a brother, James of California, and a sister, Lela of Shokan.

Mr. and Mrs. John Salustri of Schenectady have rented the Alfred Lapce bungalow on Route 28 at Ashokan. Mr. Salustri is employed as a driver by J. Corbisello, contractor for the new state road.

Beechford Bess says the other evening at supper table her Pop was wondering what has become of all the young couples who used to go out hunting for gambus and other wild flowers; whereupon her

Pop spoke up and allowed that "if they have any spare time they spend it in hunting for a place to live."

One of the latest bus leagues is the "WHS" in which the clubs are the Hurley and West Shokan sluggers, the Shokan Champions and the Saratoga Sluggers. These young enthusiasts of the great American game will match their skill in eight diamond contests during June, thus ending the series with a play-off to determine which of the four aggregations is entitled to the bi-township "Oscar."

A birthday falling on Wednesday, April 28, is that of Mrs. Mildred Bell of Brown's. She is the former Hollis Moe of Ashokan, a daughter of the late Mr. and Mrs. Clarence Moe and a sister of Mrs. Burr Elmendorf.

Men of Ulster: Dr. Josiah Hasbrouck, one of Ulster county's best known physicians between Civil War times and the turn of the century, was born at Marlborough, Jan. 1, 1830, a son of Jacob D. and Ann (Oliver) Hasbrouck. His boyhood was spent on the family farm and at the age of 15 he entered Prof. C. F. Maurice's Academy at Napanoch, afterward attending Mt. Pleasant Academy at Sing Sing, as the village of Ossining was then known. Beginning in 1849, he taught school in Marlborough and Rochester for three years after which he worked on the farm for a time and then took up the study of medicine with Dr. D. G. Perry of Marlborough, going from there to the office of Dr. Thomas C. Hasbrouck of Nyack. Following his graduation from Albany Medical College in 1855, Dr. Hasbrouck commencing the practice of his profession at Woodbourne and the following year he removed to Stone Ridge. In 1857, he decided to locate permanently

in Port Ewen where in addition to his practice he filled many offices of public trust. He was president of the Ulster County Medical Society.
